CARGO COMMITTEE MISSION

The Cargo Committee is the focal point for the consideration of commodity, transportation and cargo insurance matters. Some of its activities are to:

- Meet periodically for the purpose of exchanging relevant information on cargo, and to distribute this to the market.

- Analyze and formulate cargo forms and clauses.

- Exchange information with the NAIB, government, shipping and commodity groups on cargo.

- Participate in and assist the Education and Cargo Loss Prevention Committees in Cargo insurance educational efforts.

- Issue periodic white papers on market conditions, commodities and status of different risks.

- Represent AIMU on Cargo insurance matters at IUMI and other domestic and foreign organizations, including response to the annual IUMI questionnaire.
