FACTS & FIGURES COMMITTEE MISSION

To enhance the understanding of AIMU member company results for each of our major lines of business. This would include developing and maintaining enough relevant information to enable the committee to inform the members of U.S. Market underwriting results and Ocean Marine market trends that would be of value to members in underwriting their business. Activities including but not limited to:

1. Developing industry loss trend and loss development factors for Hull, Cargo, Liability, Yachts and Offshore Energy.
2. Procuring and analyzing calendar year and underwriting year data available from AIMU members or outside sources such as brokers and intermediaries, and the like.
3. Preparing info that might be required for IUMI via AIMU.
4. Formal presentations of actuarial principles and examples as part of AIMU’s member education culture.
